

## Yellow Fever

Are those numchucks in your pants or are you just happy to see me?  
Let me take you back to the day that I met my China girl  
When I landed a 'Pam' like on the San Fran Real World  
I was sweating like a vegetable inside of a wok  
I'd never been to Asia Minor but I was gonna Bangkok  
Like Kristy Yamaguchi I had to break the ice  
Should I talk about Mothra M\*A\*S\*H or shrimp-fried rice?  
I was sharp as a Chinese star but it's a line I threw  
Just thirty seconds over Tokyo and this Johnny would Woo  
I took a shot like Jeanette Lee put on my moves like Bruce Lee  
I told he every Soon Yi needs a little Woody  
She said for all the tea in China my vagina's not free  
But my love will linger longer than the Ming Dynasty  
I said I needed her to do and her to do my laundry  
I knew she needed a way to stay legally within the country  
She was made in Taiwan I said I'm O.K. with that  
Just promise me you'll never try to eat my cat  
Chinky chinky bang bang I love you  
Chinky chinky bang bang I know you love me too  
In Japan the hand is used as a knife  
In Japan a man's wife's hand job than can cost him his life  
But now this Captain Kirk has his own Sulu  
I'll shampoo her Foo Man Chu with Lo Hung Wang Goo  
Cause I ride my slant-eyed slope like a brand new Kawasaki  
Oh me chinky she's so kinky got me hot like Nagasaki  
Burnin' up like Napalm burstin' like an A-bomb  
I think I got that jungle fever but I caught it in 'Nam  
She's like an oriental rug cause I lay her where I please  
Then I blindfold her with dental floss and get down on her knees  
I'm a diving Kamikaze eating out Chinese  
First I'll have the poo-poo platter than some tuna sushi  
She'll be screaming like Godzilla and kickin' like Jackie Chan  
I'll get her redder than China wetter than the Sea of Japan  
Like the Chinese New Year she's gonna see fireworks  
Now be a good chinky and press Jimmy's shirts
