Course Description:

This is a transferable course for business and accounting students. The main focus of the course is to apply accounting concepts to the needs of business. As such, the course is concerned with the development and use of accounting information for decision making. Topics include the development and interpretation of financial statements, the accounting cycle, accounting systems and internal control, and cost flows of inventory.

Student Learning Outcomes

Demonstrate knowledge of the users of accounting information and the forms of business ownership, risks, and the capitalization of each.

Analyze and evaluate the capitalization of a firm using debt and equity and apply net present value methodology to the analysis.

Prepare, analyze and evaluate the financial business structure of a firm using the income statement, statement of retained earnings, balance sheet and statement of cash flows.

I. Course Prerequisite: 1A

II. Course Policy

A. Class Attendance

I believe that students learn best by actively questioning and explaining. In this course, I encourage you to join in classroom discussions and bring problems and questions to class. This means that in order to receive the maximum benefits out of classroom time, you will need to read the assigned topics and attempt the homework before coming to class.

IMPORTANT DATES: Oct 4 is the last day to drop with no grade on your record. Nov 13 is the last

day to drop with a W grade. **IT IS YOUR RESPONSIBILITY TO DROP THE CLASS.**

B. Homework Assignments

Homework is for your own benefit. The online homework assignments will be graded online and the solution will be presented after 3 attempts to correctly perform the assigned problems. Homework should be completed before the class for which it is assigned, as homework often serves as a basis for classroom discussions. We will go over the homework in class and additional problems will be assigned to be done in class.

C. Exams, quizzes and homework

Course grades are determined by **two midterm examinations** and a **final examination**. **In addition there will be 8 quizzes worth 10 points each.** Student grades will be based on the two midterm scores, the quiz scores, homework, plus the final examination. There will be **no make-up** examinations. **The final exam is will be on Chapters 14 to 17.**

D. Academic Standards

Students majoring in accounting need to begin learning professional behavior. Professional behavior includes treating classmates and your professors with respect. It also means that you should approach your work in this class as diligently as you would perform on the job. Faculty will make every reasonable effort to foster honest academic conduct in their courses. **Cheating and plagiarism in ANY form will NOT be tolerated. Cheating and plagiarism will result in a failing grade for either the particular exam/assignment or for the entire course. The Business Division Dean will be notified by letter.**

E. Course Grading

Total points available in the course add to 300. Grades will be assigned as follows:
